## IPA'S, MEDIUMS, & SEMI-HEAVY

### HOPPY BIRTHDAY

Alpine Beer Company Alpine, CA

STYLE: American IPA ABV: 4.50% IBU: 69

6 different hops makes for a beer very hoppy in flavor which is not much of a surprise considering it's a west coast, but not as bitter as you would expect. A great beer, and considering its supposed to be a session IPA, its even more spectacular.

### METAMODERN IPA

Oasis Texas Brewing Co. Austin, TX

STYLE: American IPA ABV: 4.50%

A great juicy combination of dual hops with fantastic aroma and flavor from a regional brewery! The only downside is that for beer that supposed to be a session it's probably a little on the heavy side. Still fantastic though!

### WEST COAST DOUBLE IPA

Green Flash Brewing Company San Diego, CA

STYLE: American Double/Imperial IPA ABV: 8.10% IBU: 95

Bitterness is firm but smooth and the malt makes a prevalent appearance in the flavor, adding some biscuit and bread notes, as well as a touch of sweetness. Drying, long-lasting finish.

A combination of Warrior, Centennial, and a rare experimental hop to perfectly complement the citrus ingredients and flavor.
